

App. Serial No. 09/892,922
Response to August 03, 2005 Non-Final Office Action

REMARKS/ARGUMENTS

Applicant thanks the Office for the indication that claims 10-23 are allowed. In view of this indication of allowance, Applicant has placed the application into condition for allowance. More particularly, claims 1-34 were originally pending. Claims 1-9 and 24-34 were canceled without prejudice. No claims are added or withdrawn. Accordingly, claims 10-23 remain pending.

Claim Amendments

Claims 10-16 and 18-23 have been amended to correct patent informalities prior to allowance. For example, the preambles of claims 10-16 and 18-23 have been amended to more particularly point out the statutory basis of the subject matter. For example, the preamble of claim 10 was amended to indicate that the "computer program instructions" are "executable by a processor". Claims 11, 12, and 15 were amended to provide proper antecedent basis to "requested content". Claim 15 was also amended to clearly indicate that the previous claimed "the data structure", which had no antecedent basis, was "the playlist".

Conclusion

Claims 10-23 are in condition for allowance and action to that end is respectfully requested. Should any issue remain that prevents allowance of the application, the Office is encouraged to contact the undersigned before issuing any subsequent action.
